01.01 Logotype

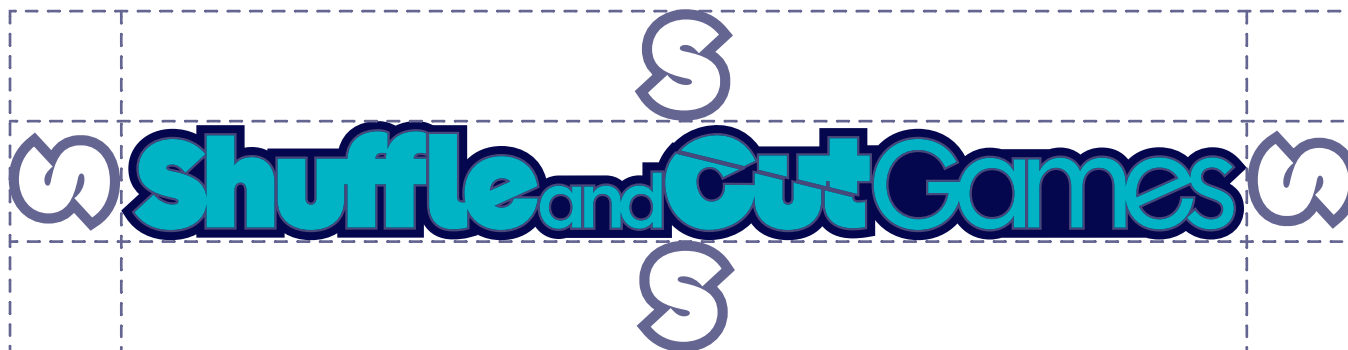

The **Shuffle and Cut** logotype is built using the Polymath Display typeface in two weights, **Super** and **Medium**.

Customizations enhance the sense of fun and play—most notably, the word **Cut**, with its top sliced and tilting mid-fall, visually reinforces the concept of movement, action, and excitement of gameplay.

The logotype for 'Shuffle and Cut Games' is displayed in a bold, rounded, bubble-like font. The word 'Shuffle' is in a medium weight, 'and' is in a smaller, lighter weight, and 'Cut Games' is in a super weight. The 'Cut' word is stylized with a diagonal line through its top and a tilted mid-fall. The entire logotype is filled with a bright cyan color and has a thick, dark blue outline.

01.02 Clear Space

Clear space ensures that type, imagery, or other graphic elements do not interfere with the legibility of the logo. No elements should encroach upon this defined area. The required clear space is determined by the X-height of the "S" character, maintaining consistent spacing around the logotype.

01.03 Variations

The **Shuffle and Cut Games**

logo is available in multiple variations to ensure versatility across different applications. These include the primary full-color logo, a single-color version for simplified use, and a monochrome option for high-contrast applications. A stacked variant is also provided for compact spaces. Each version maintains the integrity of the design while adapting to various branding needs, ensuring consistency across digital and print media.

The logo features the words "Shuffle and Cut Games" in a bold, rounded, sans-serif font. "Shuffle" and "Games" are in a vibrant teal color, while "and" is in a smaller, dark blue font. The letters have a slight 3D effect with a darker blue shadow.

Full Color

The logo is rendered in a single teal color. The words "Shuffle and Cut Games" are in a bold, rounded, sans-serif font, with "and" in a smaller font size.

Single Color

The logo is white on a solid dark blue background. The words "Shuffle and Cut Games" are in a bold, rounded, sans-serif font, with "and" in a smaller font size.

Single Color Reverse

The logo is rendered in a single teal color. The words "Shuffle and Cut Games" are in a bold, rounded, sans-serif font, with "and" in a smaller font size.

Monochrome

The logo is stacked vertically. "Shuffle" is at the top in teal, "and" is in the middle in dark blue, and "Cut Games" is at the bottom in teal. All text is in a bold, rounded, sans-serif font.

Full Color Stacked

The logo is stacked vertically in a single dark blue color. "Shuffle" is at the top, "and" is in the middle, and "Cut Games" is at the bottom. All text is in a bold, rounded, sans-serif font.

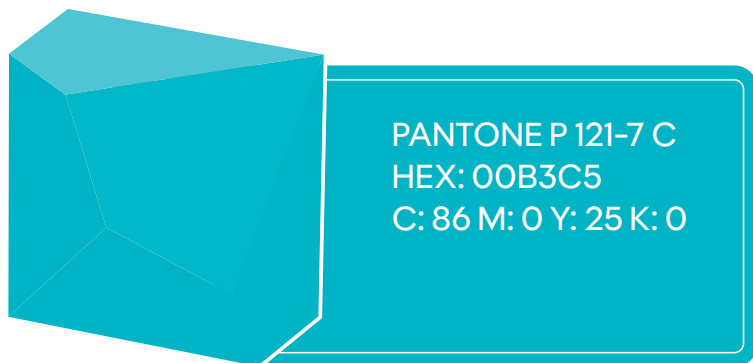

Single Color Stacked

02.01 Color Palette

The **Shuffle and Cut Games**

color palette balances bold contrast with playful energy. The deep, dark purple establishes a rich, immersive base, while the clean, bright cool blue adds clarity and vibrancy. Accent colors—a deep, fresh green, sunny yellow, and bleached bone—introduce versatility, evoking the excitement of gameplay and the warmth of community. Together, these colors create a dynamic yet cohesive visual identity.

PRIMARY BRAND COLORS ▼

ACCENT COLORS ▼

03.01 Primary Typeface

Polymath Display is the primary typeface for the **Shuffle and Cut Games** brand, chosen for its bold personality and playful versatility. Different weights are used to establish hierarchy and visual interest: Regular for body text and subtle details, Medium for subheadings and secondary emphasis, **Bold** for strong emphasis and key messaging, and **Super** for impactful headlines and display purposes. Together, these weights create a dynamic and engaging typographic system that enhances the brand's energetic identity.

03.02 Secondary Typeface

Polymath Text serves as the secondary typeface, offering excellent readability and balance. Used in Regular and **Semibold** weights, it provides clarity for body copy while maintaining visual harmony with Polymath Display. The Regular weight ensures legibility in longer text, while Semibold adds subtle emphasis where needed, reinforcing the brand's bold yet approachable personality.

04.01 Rolland

Rolland is the friendly face of **Shuffle and Cut Games**—a lively, 20-sided die with the ability to emote, move, and change colors. As the store's mascot, Rolland brings energy, personality, and a welcoming vibe to both new and returning customers. Whether expressing excitement for a new game or celebrating a big win, Rolland embodies the fun, strategy, and community spirit of tabletop gaming.

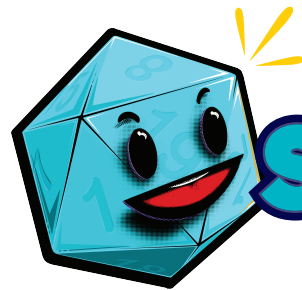

04.02 Lock-Ups

Rolland appears in logo lock-ups and the store shield, reinforcing the brand's identity with a playful and inviting presence. These variations integrate Rolland alongside the Shuffle and Cut Games logo, adding personality while maintaining brand consistency. The store shield, featuring Rolland, acts as a recognizable emblem, symbolizing the store's dedication to community, strategy, and the excitement of gaming.

Shuffle and Cut Games

Shuffle and Cut Games

04.03 Shield

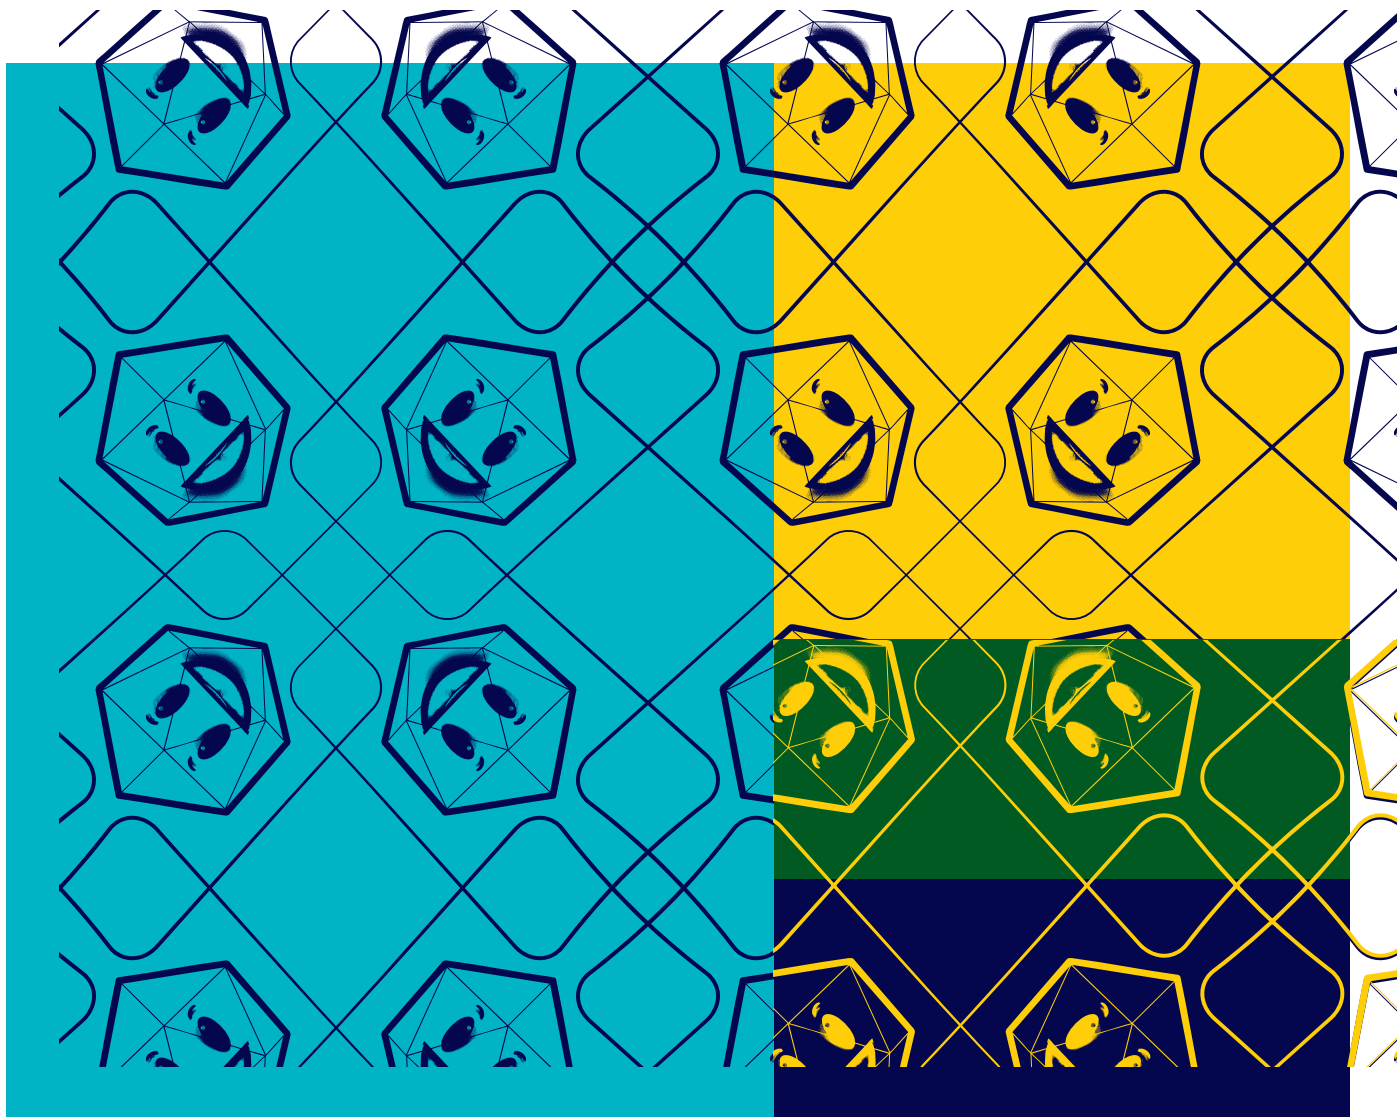

The Store Shield logo lock-up, featuring Rolland, serves as a bold and recognizable emblem for **Shuffle and Cut Games**.

This mark reinforces the brand's identity, combining Rolland's playful energy with a strong, badge-like design that symbolizes community, strategy, and the spirit of gaming. It's a versatile mark used for signage, merchandise, and special branding applications.

05.01 Pattern

The **Shuffle and Cut Games** pattern blends mid-century charm with a playful, geometric design, incorporating elements of trading card games alongside Rolland, the brand mascot. This dynamic pattern adds energy and visual interest to brand materials, creating a distinctive and engaging backdrop that celebrates the excitement of gaming.

05.02 Bar Lock-Ups

Inspired by vintage skate company graphics, the bold bar logo lock-up brings a strong, dynamic edge to the **Shuffle and Cut Games** brand. With its clean lines and high-impact design, this variation delivers a retro-cool aesthetic that resonates with the gaming and collector community, adding versatility to brand applications.
